

Shetland Islands Council

Pensioner Members - Pensions Newsletter

June 2026

Welcome to the June 2026 Pensioner Members' Newsletter. The purpose of this newsletter is to keep all our pensioner members informed about the Shetland Islands Council Pension Fund and Local Government Pension Scheme (LGPS) matters in general.

DIGITAL VERSION OF THIS NEWSLETTER

You can access a digital version of this newsletter online at the Resources Section on the Pension Fund Website at: <https://www.shetlandpensionfund.org> We will continue to send you a printed version, so you will have a choice of how you read the content.

NATIONAL PENSIONS DASHBOARDS PROGRAMME

You may have heard about the UK government's pensions dashboards initiative. It is aimed at helping individuals access all their pension information online, securely and for free. It will only show pensions that are not yet in payment. The primary objective of Pensions Dashboards is to make it easier for people to track and understand their various pension pots, including state pensions, workplace pensions, like the Local Government Pension Scheme, and private pensions, which can often be scattered across multiple providers.

We successfully met the regulatory deadline to connect to the national Pensions Dashboard Programme, well in advance of our October 2025 deadline.

While pension dashboards are not publicly available yet, we have an ongoing obligation to maintain that connection. In addition, we must comply with all record-keeping and reporting requirements and ensure that appropriate technical and operational systems and processes are in place to effectively respond to member enquiries as the dashboard is used. For more information about the national Pensions Dashboards Programme, visit:

www.pensionsdashboardsprogramme.org.uk.

McCLOUD REMEDY UPDATE

McCloud Remedy calculations now form part of normal pension administration business. Our Pension Administration System has recently been updated to allow us to carry out the necessary underpin calculations that require to be revisited for members with protected service.

Whilst most members won't be impacted by McCloud, if you are affected, any increase to your pension is expected to be minimal. Please be assured that we will contact members who are affected. You do not need to make a claim; we will automatically do the check.

If you did have other public sector pension service that was not transferred to Shetland Islands Council Pension Fund, it's important to let us know the dates of your membership to allow us to check whether you qualify for protection.

PENSION INCREASE

Pensions are increased each April to keep up with the cost of living. This year your pension will increase by **3.8%**. This follows increases of 1.7% for 2025, 6.7% for 2024, 10.1 % for 2023, 3.10% for 2022 and 0.50% for 2021.

How is the pension increase decided?

The Pension Fund does not set the pension increase amount. We must follow legislation which states the increase to be applied each April should be based on the Consumer Prices Index (CPI) for the previous September. So, the 3.8% increase in April 2026, is based on the CPI rate from September 2025.

When will my pension increase?

The 2026 increase took effect from **Monday 6 April 2026**. As this is part way through the month, you'll only receive part of the increase for April, with the full increase, if applicable, being paid from May onwards.

The payslip you receive in June 2026 will confirm your new pension amount and, if applicable, will also include arrears for the period 6 April to 31 May 2026.

Will I receive the full 3.8%?

You will only receive the full 3.8% increase if:

- You are over 55 (or under 55 but retired on ill health), and
- Your pension payments began on or before 21 April 2025

If you are under age 55 and you did not retire due to ill health, then you will receive no increase. When you turn 55, your pension will increase to the level it would have been had it increased every year since you retired.

If you started your pension after **21 April 2025**, you only get part of the increase. The table below shows the percentage increase based on the date you started receiving your pension.

Date Pension Began	% Increase
On or Before 21 April 2025	3.8%
22 April 2025 – 21 May 2025	3.48%
22 May 2025– 21 June 2025	3.17%
22 June 2025 – 21 July 2025	2.85%
22 July 2025 – 21 August 2025	2.53%
22 August 2025 – 21 September 2025	2.22%
22 September 2025 – 21 October 2025	1.90%
22 October 2025 – 21 November 2025	1.58%
22 November 2025 – 21 December 2025	1.27%
22 December 2025 – 21 January 2026	0.95%
22 January 2026 – 21 February 2026	0.63%
22 February 2026 – 22 March 2026	0.32%

If you paid into the LGPS before 6 April 1997 and have now reached State Pension Age, it is likely you will have a Guaranteed Minimum Pension (GMP).

GMP is the minimum amount of pension we must pay you. Your GMP is also increased but some or all of the increase is paid with your State Pension. So, while the increase from us may be lower than expected, your State Pension will also have increased, giving you the full increase you are entitled to.

The exception to this is members whose State Pension Age is **after 5 April 2016**. The Pension Fund is now responsible for paying the full increases in these cases.

STATE PENSION INCREASE

On 6 April 2026, the basic State Pension increased by **4.8%**. This is higher than the Pension Fund’s pension increase because of the “**triple lock**”. The triple lock means that the Government must increase the State Pension by whichever of the following is highest:

- **Wage growth, Inflation, or 2.5%**

Wage growth was highest, even more so than inflation, which is used for our pensions increase, meaning the State Pension increases in line with wage growth this year.

If your state pension is not in payment, you can check how much you’ll be eligible for and when you can claim it. You can visit the Government’s website www.gov.uk/check-state-pension to see your forecast.

For more information on your state pension please visit www.gov.uk or call **0800 731 0469**.

P60 END OF TAX YEAR CERTIFICATE

In May of each year, we issue a P60 certificate to all our pensioners. The P60 is a summary of your pension and tax details for the tax year that ended on 5 April 2026. **Please keep your P60 certificate safe**, as other organisations often ask to see it as a proof of income if you make a claim for benefits or complete a self-assessment tax return.

TAX CODE QUERIES

Your final tax code for 2025/26 can be found on your P60. If your tax code changes you do not need to contact us because HMRC automatically tell us of any changes.

We receive many queries about tax codes. We do not set your tax code. We must apply the tax code to your pension as advised to us by HMRC. We are unable to change tax codes without HMRC providing an updated code electronically. HMRC will not speak to us about your tax code, therefore you must contact them directly.

You can contact HMRC by telephoning them on **0300 200 3300** or visiting www.gov.uk/incometax. Please have your National Insurance number available, along with the Pension Fund's PAYE reference number which is: **961 9902097**. You can also write to them at:

H.M. Inspector of Taxes
Centre 1 Tax Office
Queensway House
East Kilbride
Glasgow
G79 1AA

One reason your tax code may change is if you have started receiving your State Pension. Any tax-free personal allowance you may have is allocated to your State Pension first, so you may need to pay more tax on your LGPS Pension.

HMRC have developed a website called "**Tax Confident**" to help people understand how tax works in a clear and straightforward way, with no jargon included. You can visit the website at: <https://taxconfident.campaign.gov.uk/>

HMRC has also introduced a service that allows people to view their own Personal Tax Account. It is quick to set up, and you can deal with HMRC online at a time that suits you. Go to www.gov.uk/personal-tax-account and follow the instructions.

Tax Help for Older People is a service from the charity Tax Volunteers providing free, independent and expert advice for older people on lower incomes who cannot afford to pay for professional tax advice. You can contact them on www.taxvol.org.uk

PENSION CREDIT

Another source of income, which may help during retirement, is the Pension Credit weekly benefit.

Pension Credit is a means-tested benefit separate from your State Pension. It can give you extra money if you are over State Pension Age and on low income. You can visit www.gov.uk/pension-credit-calculator to check if you are eligible and get an estimate of how much you may be able to get.

COST OF LIVING

With the cost-of-living crisis continuing to put added strain on people's finances, you may find yourself in need of assistance. Here's where you can find extra support:

- **Age Scotland:** Provide information on a range of topics from energy bills to benefits that you may be entitled to. Call for free, confidential advice on **0800 124 4222** or visit www.ageuk.org.uk/scotland/
- **Citizens Advice:** Get help with queries about employment, housing, debt, benefits and consumer issues like energy bills. Call free on **0800 028 1456** or visit www.cas.org.uk/

PENSION SCAMS – Stay safe online and on calls

Scammers always think of new tricks so please remain vigilant and keep your personal data safe. They are becoming more sophisticated and increasingly using Artificial Intelligence (AI) and other technology to look and sound authentic. Never give out financial information over the phone or allow remote access to your computer following an unsolicited call or email. If you feel harassed or intimidated, simply hang up.

To remain scam-savvy:

- **Email safety** – If you receive a suspicious email, don't reply, click on links, or open attachments. Delete it immediately. If the email claims to be from a trusted organisation, contact them directly using details from their official website.
- **Phone scams** – Watch out for calls pretending to be from your bank. They may mention suspicious activity and ask for your PIN number or send a courier to collect your card. **Remember** – your bank will never ask for these things.
- **Doorstep scams** – You're under no obligation to answer the door to someone you don't know. **Check** – If unsure, call the company using a trusted number – not one they give you.
- **Speak up** – Don't be afraid to hang up, say no, and shut the door. If you feel unsafe or pressured, contact a friend, family member, or the police.

If you suspect a scam, call Action Fraud on **0300 123 2040** or visit their website at: <https://www.actionfraud.police.uk>. You can also report a scam via consumer advice, www.consumeradvice.scot or call **0808 164 6000**. You can also report scams to Police Scotland on **101**.

RETURNING TO WORK IN LOCAL GOVERNMENT

You **must notify us immediately** if you retire early on the grounds of redundancy or efficiency and then become re-employed by an organisation that participates in the LGPS. In fact, we recommend that you check with us before commencing employment, so that we can make you aware of any pension implications.

Retirement benefits already paid can become subject to “unauthorised payment” tax charges (**at 55%**) if you are under 55 and become re-employed within 6 months in a job that is **NOT** materially different to the job you retired from.

If you retired on redundancy or efficiency grounds with additional service granted by your employer (often referred to as Compensatory Added Years (CAYs)) and you return to local government work, your additional service pension may be reduced and/or permanently suspended. **Overpayments of the CAY pension element due to re-employment requires to be repaid.**

Your pension will not be affected if you take up employment with an employer who is not in the LGPS.

MANAGING YOUR DATA

To comply with regulations the Pension Fund shares limited information with other public agencies to prevent and detect fraud.

Data Protection

Member privacy is paramount to us and all personal information collected is managed in accordance with the Data Protection Act 2018 and the General Data Protection Regulations (GDPR).

To enable us to carry out our statutory duty, we are required to share your information with certain bodies, but we only do so in limited circumstances. More information on how your data is held and processed can be found online in our Privacy Notice at:

<https://www.shetlandpensionfund.org/website-privacy-policy>

LGPS National Insurance Database

This is a data sharing project with all other Local Government Pension Funds. It allows funds to identify if a member has any LGPS records elsewhere. This information is necessary to help administer the rules of the pension scheme and calculate pension benefits.

National Fraud Initiative (NFI)

The Pension Fund has a legal obligation to participate in the NFI, a counter-fraud exercise led by Audit Scotland. It compares information about individuals held by different public bodies to identify circumstances that might suggest the existence of fraud or error.

Tell Us Once

This service allows the Pension Fund to be automatically notified when a member's death is registered.

AUTOMATIC SPOUSE'S/CHILDREN'S PENSIONS

There is no need to nominate your husband, wife, civil partner or dependent children for a pension payable on your death, as payment is automatic, **but you should make a nomination for the lump sum.**

Depending on the regulations you retired under, and if certain criteria is fulfilled, there may be a provision for a co-habiting partner pension. Further information on this is obtainable from the Pensions Section.

If you are the guardian of a child being paid a child's pension, please note that once they attain the age of 17, we **must be told immediately** if they stop full-time education or training. The pension is paid up to the earlier of the date they stop full time education or training, or age 23. **Any overpayment requires to be repaid.**

LUMP SUM PAID ON DEATH

If you die prior to age 75 there may be a death lump sum payable. If there is, it is calculated based on the rules of the LGPS regulations you retired under.

We have ultimate discretion to whom a lump sum is paid to on death. By completing a nomination form, you can tell us who you would like to receive any lump sum payable on your death. This will ensure quick and accurate payment after your death to the person or persons that you would like the lump sum to be paid to.

If you have not completed a nomination form or want to change your nomination, a form can be obtained from the Resources Section on the Pension Fund Website at: <https://www.shetlandpensionfund.org> or contact the Pensions Section and we will send you the appropriate form.

CHANGE OF CIRCUMSTANCES

Please do remember and let us know if you change your:

- Name
- Marital Status
- Gender
- Address
- Bank Details

If you change your bank account details, please either write to us or contact us for a new bank mandate form. We cannot accept changes to bank details over the phone for security reasons. If you would like to submit bank details electronically then please phone the Pensions Section first to discuss.

THE LOCAL GOVERNMENT PENSION SCHEME (LGPS) AND STOCK MARKETS

The 2025/26 financial year continued to be dominated by concern over US economic policy and the geopolitical situation, which has caused much uncertainty and volatility in the global investment markets.

Please do remember, your pension is not based on investments, or their performance and any financial volatility will not affect its value as your pension is guaranteed by law.

SCHEME YEAR 2025/26

Over the year the Shetland Islands Council Pension Fund's has remained in a financially strong position, with the overall value increasing from **£784 million** at 31 March 2025 to **£880 million** at 31 March 2026.

The table below summarises the membership of the scheme over the past 3 years.

	2023/24	2024/25	2025/26
ACTIVE	3,547	3,548	3,581
DEFERRED	2,755	2,731	2,617
PENSIONERS/DEPENDANTS	2,528	2,652	2,782
TOTAL	8,830	8,931	8,980

INVESTMENT PERFORMANCE

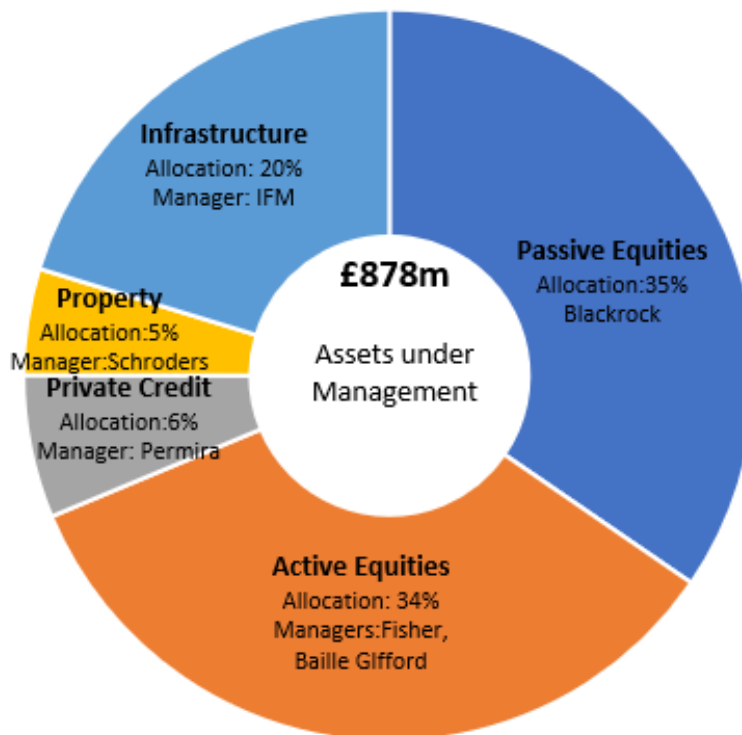

Equity markets fell at the start of the financial year due to US economic policy on increased tariff rates, causing global trade concerns. The equity markets recovered quickly as US economic policy changed, and many tariff increases were put on hold. This positive equity momentum continued during 2025 as inflation eased and the US, UK and Europe reduced interest rates. Certain tariffs were implemented, plus the conflict between Israel and Gaza and the longest US Government shutdown on record created headwinds, but corporate earnings continued to beat expectations maintaining strong equity markets. This continued until the start of the US Iran conflict in February 2026, which caused global energy concerns and a rapid return to an inflationary environment. Equity markets fell throughout March as the conflict continued and affected global energy supplies.

PENSION FUND ACCOUNTS 2025/26

The Pension Fund Accounts have been prepared with regard to statute and the Code of Practice on Local Authority Accounting in the United Kingdom and summarise the transactions and net assets of the Pension Fund. An extract from the Pension Fund Accounts is shown in this newsletter, with a full copy being available from mid July 2026 on the Council's website at the following link: http://www.shetland.gov.uk/about_finances/

At the end of March 2026, the Pension Fund was invested as follows:

Pension Fund Investment Portfolio by underlying Asset Class at 31 March 2026

Pension Fund Performance

The Pension Fund's overall performance is measured against an agreed performance benchmark (i.e. market return where funds invested) and recorded on a quarterly basis. The table below shows the Pension Fund's investment returns per annum over various time periods from 1 year up to a 10-year period.

The Pension Fund achieved an overall investment return of 11.9% in 2025/26, from a combination of the fund managers returns. As can be seen from the above bar chart, this return was below the overall benchmark return for 2025/26, due mainly to the underperformance of active equities and property.

2024/25 £000		Notes	2025/26 £000	2025/26 £000
	Dealings with members, employers and others directly involved in the scheme			
(23,538)	Contributions	6	(24,871)
